CAR HAULER

CAR HAULER

Competence made affordable

Car Hauler represents everything that a true Brian James Trailer embodies. Light, low and capable, combined with excellent value for money.

The choice of lengths, either 4.0m or 4.9m, will readily provide for almost any requirement, especially with its 2.0m bed width and 12" wheels. Brand new operational features include the ability to add a hydraulic tilt-bed facility to any model at any time in the future, innovative assistor ramps for ultra-low clearance loading and LED lighting as standard.

We've included a few extra neat touches such as the extremely easy ramp storage and location system, such as the extremely easy ramp storage and location system, LED lighting with LED rubber stalk markers, grippy punched deck and stylish black bodywork as standard on all models.

Brian James Trailers' technically advanced design and manufacturing keeps weight low and durability high. With a 2,700 kg gross capacity you will find a **Car Hauler** model to suit you.

 GALVANISED
FOR LONG LIFE

● **High grip, low profile punched ramps**
Low profile 1.7m loading ramps feature useful lifting handles for easy handling. An innovative optional assistor ramp can be stored in the same space without modification.

○ Low Loading angle

Here we can see the benefit of a tilt-bed operation, plus long loading ramps. Cars such as this Radical will also require special assister ramps which can be specified as an option.

○ Tie-down wheel straps

Various types of tie-down straps are available to suit different loading applications, including wheel circumference straps that hold the vehicle safely and securely without straining suspension geometry. Easy to fit, with multiple built-in tie-down points.

○ Hydraulic tilt-bed reduces loading angles and can assist in ease of operation.

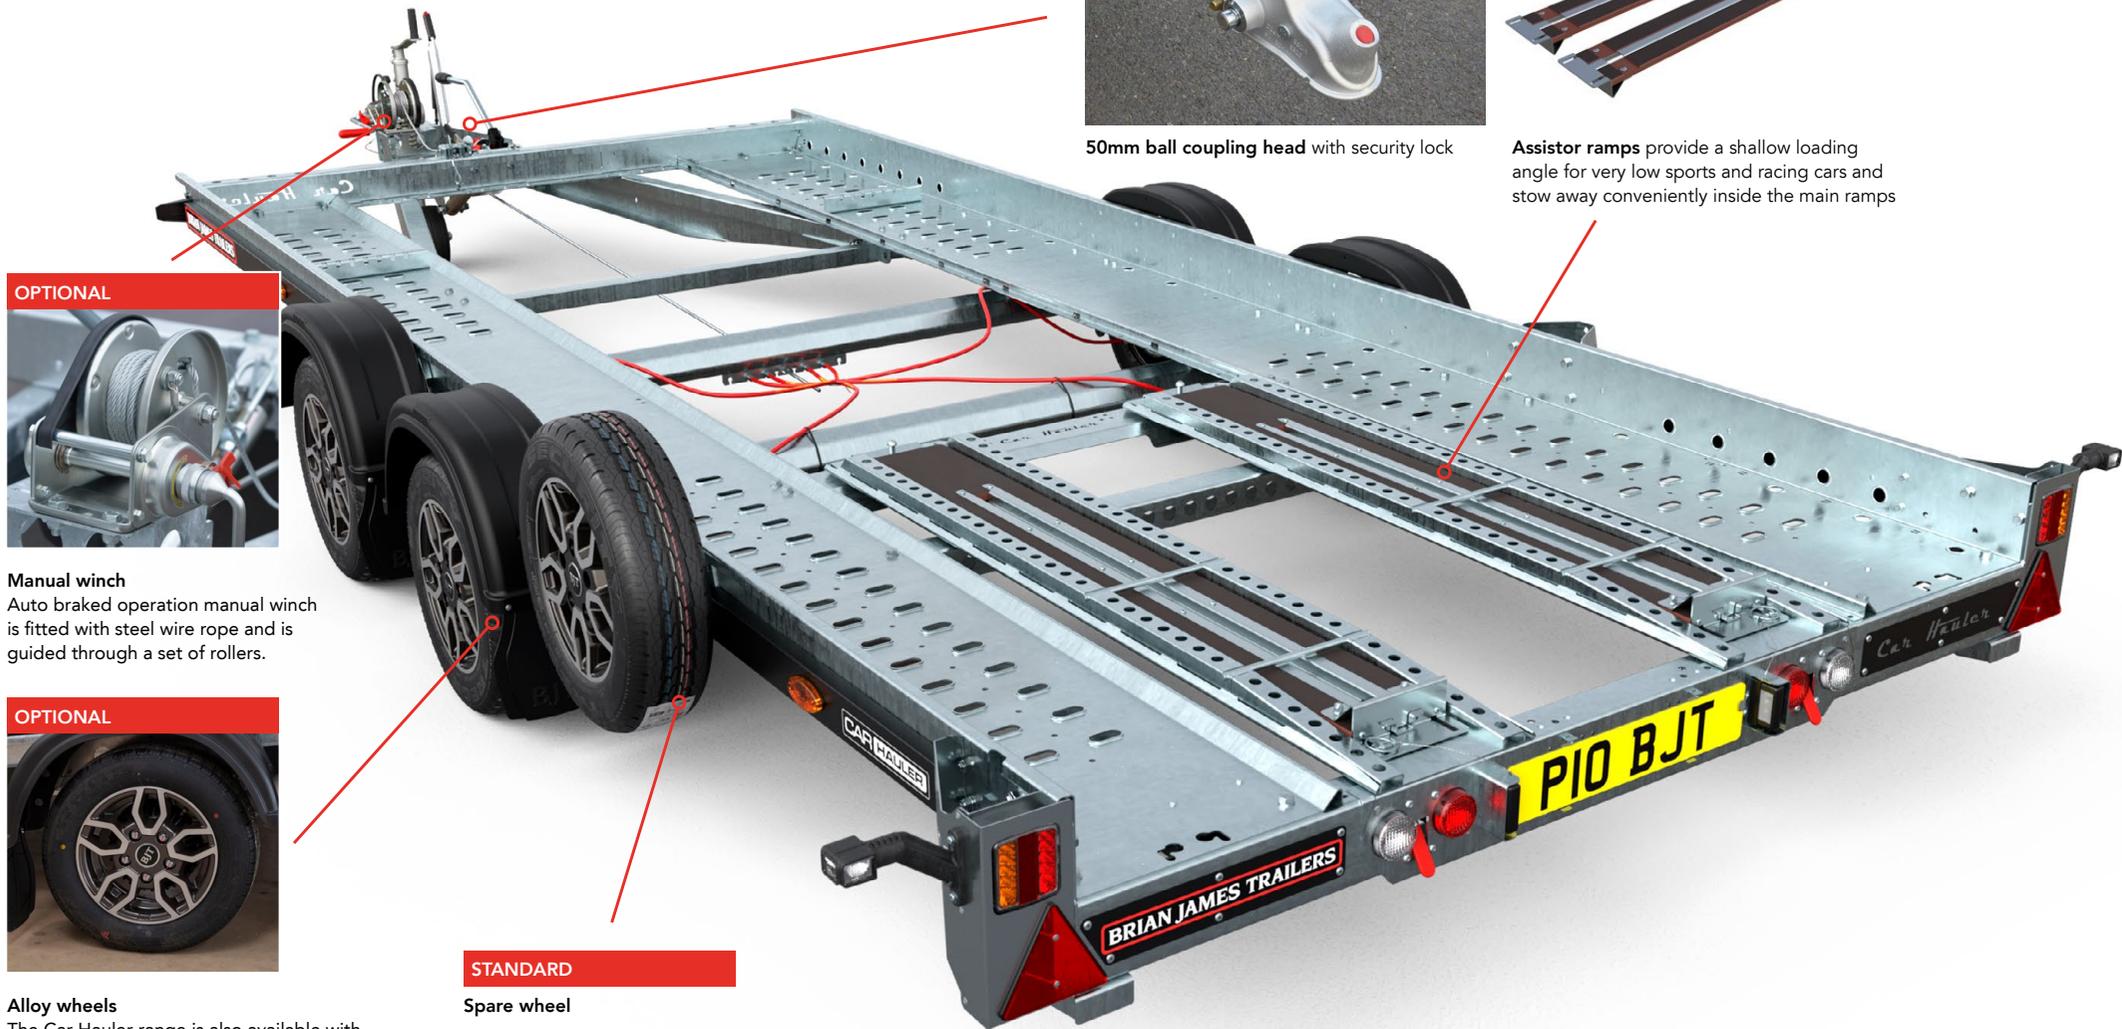

● LED lighting
Super bright and extremely durable.

○ Wheel chocks, bolt in (pair)
Fully adjustable wheel chocks bolt directly to the chassis bed.

CAR HAULER

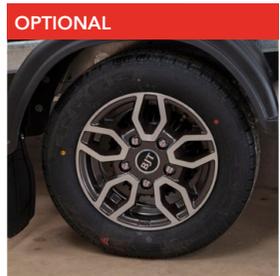

STANDARD
50mm ball coupling head with security lock

OPTIONAL
Assistor ramps provide a shallow loading angle for very low sports and racing cars and stow away conveniently inside the main ramps

OPTIONAL
Manual winch
Auto braked operation manual winch is fitted with steel wire rope and is guided through a set of rollers.

OPTIONAL
Alloy wheels
The Car Hauler range is also available with B2 style alloy wheels in standard Silver or diamond cut Anthracite (Anthracite shown).

STANDARD
Spare wheel

Coloured body trim - Jet black	●	●
WARRANTY		
5 year extended chassis warranty	●	●

● Standard. ○ Optional at extra cost.

All trailer weights stated are approximate and are based on a trailer with no optional extras fitted

CAR HAULER

QUALITY

Brian James Trailers are manufacturers of class leading trailers since 1979. When you buy a Brian James Trailer you can be absolutely certain that it is designed and constructed to the highest possible standards. Our engineers combine top-quality craftsmanship with the best materials and first-class presentation. Light but strong, our trailers are crafted to enhance safety, efficiency and durability.

5 Year Extended Chassis Warranty

All of our trailers come with a standard 1 year non-transferable manufacturer's warranty covering the integrity of the chassis, which can be extended to 5 years upon registration.

This 5 year extended warranty applies to the chassis only. All other components are subject to a standard 1 year warranty, subject to fair wear and tear.
